

## Applications

- Commercial/Residential
- Cast Iron Radiators
- Finned Tube Radiators
- Convectors
- Air Handlers
- Sterilizers
- Drip Legs
- Tracing
- Vacuum Conditions

# N25 Series Thermostatic Steam Trap

**Pressures to 25 PSIG (1.72 barg)**

**Temperatures to 267°F (131°C)**

### Superior Performance

factory inspected and tested encapsulated element  
for years of trouble free service

### Improved Energy Savings

maximum elimination of air and non-condensibles

### Temperature Sensitive Actuator

welded stainless steel construction, fail open, one  
moving part to maximize corrosion, thermal and  
hydraulic shock resistance

### Freeze Proof

free draining design for cold climate applications

### In-Line Maintenance

threaded cover for one-step removal,  
inspection and service without breaking  
pipe connections

### Guaranteed

against defects in materials and workmanship  
for 2 years
